

AMICHAND™

Empowering through quality™

AMICHAND TECHNOLOGICAL PVT LTD

100% Integrated Electrical Panel Manufacturer

415V-33 kV

Authorised IEC 61439 System House

www.amichand.com

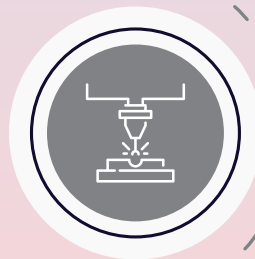

Amichand Technological Pvt Ltd; which started as an Electrical trading house, has a 30 year+ long history in the Electrical industry. The company has been on a continuous growth trajectory ever since, adding one after the other feather to its cap; representing global leaders in the electrical industry in its business territories.

It was with this vision of continuous growth that a well equipped state of the art electrical panel manufacturing plant was established in the year 2004; which with continuous innovation now offers complete range of panel solutions including Totally Type Tested LT Panels, Automation Panels, VVVF Drive Panels, HT Panels, and Control Relay Panels.

We are now equipped to offer end to end electrical solutions through our trading and manufacturing verticals, backed by our experienced and dedicated team and well equipped infrastructure which is enumerated below:

Fabrication

CNC Turret Punch Press Machine
CNC 5 Axis Bending Machine
ARC and MIG Welding setup

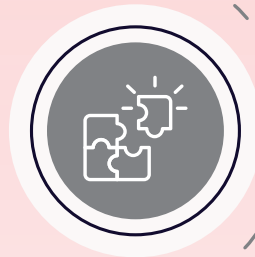

Painting

In House 9 tank Pre treatment setup
with transporter crane

Assembly Section

Dedicated assembly Line Equipped
with Power and Pneumatic Tools
CNC Busbar Processing machines
CNC Wire Processing Machine

Testing

Well-equipped testing setup for
Fabrication, Painting, and Assembly
Quality Control and Conformance to
relevant standards.

Our Product Range Includes

AMICHAND
Empowering through quality™

3.3 to 33 kV
HT Panels

Control
Relay Panels

IEC-61439
LT Panels

Drive & PLC
Panels

SS 304
Junction Boxes

33 kV

415 V

Authorised Partner

Relays

Drives

HITACHI
Inspire the Next

Switchgears

Type Tested Panels

1000+ Installations | 50+ Customers | 20+ Years in Industry

We have served to

Amichand Technological Pvt. Ltd.
